Facial Treatments

Dermaplaning & Chemical Peel 60min

R650

Combining the two treatments, you can achieve fantastic results. With dermaplaning removing all dead skin cells and the epidermis (super thin outside layer of the skin), it enhances the absorption of the chemical peel acid.

This treatment is ideal for:

- Dry skin with a rough texture
- Aging, Sun-damaged Skin
- Pigmentation
- Dull Lifeless Complexion
- Facial acne
- Congested Pores

R300

Dermaplaning 30min

Advanced exfoliation technique, utilising a dermaplaning scalpel blade. Removes surface dead skin cells and vellus hair. It enhances the absorption of skin care products. Instantly smoothes the skin. It removes all dirt and build-up in hair follicles. Fades scars & softens lines & wrinkles.

Exfoliating Facial 60min

R450

A relaxing treatment, achieving a glowing, smooth skin surface with Dermexcel facial products.

- Brightens & Polishes skin
- Deeply Hydrate Skin
- Unclog skin pores
- Remove dead skin cells

Chemical Peel Facial
60min

R500

A treatment in which we apply acid of Dermexel solution to the skin to deeply exfoliate and remove the damaged layers of the epidermis.

- Improve skin texture & scarring
- Reduce fine lines & wrinkles
- Treat most grades of acne
- Strengthen skin, keeping it active & youthful
- Brighter & Tighter skin, minimising pores
