R650  
3-4 HOURS

### **General information for E-File Training**

Lumin Courses and Workshops are designed to equip the student with the necessary skills to build their own business and expand their current expertise.

The duration of the course is 3-4 hours.

A certificate will be issued on completion of this course.

The dress code for all courses is comfortable, yet professional and practical

This course is structured for both experienced and new nail technicians, who desire to upgrade their skills. Technicians who already work with E-files will also benefit from learning the latest techniques and ways of working with the machine.

Using an E-file allows you to cut the prepping time in half, whilst improving the quality of your work greatly. Your services become more professional, allowing you to make more money.

The E-file course covers knowledge on different E-filing machines, myths and facts on their specs; various bits types, classifications and their uses, correct speeds, filing and correct hand positioning for fast and safe results.

Training includes

- Basic nail care
- Nail anatomy & terminology
- Product knowledge
- Nail preparation
- Fills
- Gel removal
- Hygiene & maintenance
- Filing & Shaping

This course contains no kit.

You will be required to bring the following;

An E-file with bits

- Cuticle pusher
- Cuticle scissors/nippers
- Nail files

You will need to bring a model WITH REGROWTH PRODUCT on their nails for the course. This is to practice the correct removal process.

Please advise the model that she will not have her nails done during the course, as we will be removing the old product and prepping the nails for the fill/re-application.

The model should have normal natural nails (not nail biters), should be available to sit for you for about 3 hours and not need to rush anywhere, as this creates pressure for students, which we do not accept.

Please note that should the models be Nail Technicians or Beauty Specialists, a fee of R500 is payable per model.

Should you be coming from far and not be able to arrange models, please inform us timeously and we will try to assist with our regular models.

Lumin's Address:  
30 Alleman Road,  
Parys 9585
